EDRS Price MF-$0.25 HC Not Available from EDRS.
Descriptors-*American Indians, Annual Reports, Attendance Records, *Dropout Rate, Educational Finance, Federal Aid, *Resource Allocations, Special Programs, *State Programs, *Student Enrollment, Tables (Data)
Identifiers-*Johnson O Malley Act

The allocation and expenditure of the Johnson-O'Malley Act funds by the Indian Education Program, State of Nevada, Department of Education is presented in this report for the fiscal year 1968-69. The narrative portion of the report lists the activities of the participating school districts that were funded by Title I - Elementary and Secondary Education Act and the Johnson-O'Malley programs. Tabular information is given on the enrollment distribution of Indian students in the participating county school districts, on a survey taken of Nevada Indian dropouts, and on specific fund allocations and expenditures. Related documents are ED 013 147 and RC 002 619. [Not available in hard copy due to marginal legibility of original document.] (DK)

Dear Mr. Head:

Transmitted in accordance with 62 I.A.M., Section 3.2.10-C is the Annual Report of the Indian Education Program, State of Nevada, Department of Education.

This Annual Report is for the fiscal year beginning July 1, 1968 and ending June 30, 1969, under Contract No. 14-20-0450-5354 with an allocation of Johnson-O'Malley Act Funds to the State of Nevada in the amount of $95,000.00.

Respectfully submitted,

Chas. H. Poehlman

NARRATIVE REPORT ON JOHNSON-O'MALLEY PROGRAM IN NEVADA FOR FISCAL YEAR 1968-1969

In 1934 Congress enacted the Johnson-O'Malley Act, which enabled the Bureau of Indian Affairs to contract with states and local school districts for the education of Indian children. The Act appropriated funds for the administration of the program and for the payment of tuition to school districts which enrolled eligible children. The Act was especially timely, inasmuch as the United States was undergoing a severe depression, and the assurance of a subsidy payment served as an incentive to many school districts, particularly small rural schools.

In the State of Nevada, the Bureau of Indian Affairs followed a program of contracting with local school districts for the education of Indian children until 1947. At that time it was deemed advisable and advantageous to place the program on a State level with the State Department of Education. Under this procedure, a position of State Director of Indian Education was established in the Department of Education and under the jurisdiction of the State Board of Education, and charged with the responsibility for further integration of Indian children into the public school program.

In the mid 1940's, the State of Nevada, with the cooperation of the Nevada Indian Agency, instituted a program of integration, namely that of converting Bureau-operated day schools to public schools. Following the action taken on the Duck Valley Reservation in 1930, little or no effort was expended toward conversion of day schools until 1945, when the Indian residents of the Walker River Reservation petitioned for the consolidation of their three-teacher day school with the one-teacher public school located at the edge of town.

Indian parents on the Pyramid Lake Reservation, the following year, petitioned for arrangements to enable their children of high school age to attend the Fernley School, 20 miles distant. The successful operation of this venture prompted the parents to request extension to 7th and 8th grade students the following year. Within another year, the same group petitioned for the establishment of a public school on the Reservation to replace the day school. An interesting aspect in connection with the request of the Pyramid Lake Paiute Indians for a public school was the stipulation that it operate only through the first six grades, and that arrangements be continued for the education of 7th and 8th grade students at Fernley. The Indian parents were unanimous in their reasoning that in order to secure the best education possible, it was imperative for their children to have the earliest practicable opportunity to attend the school where they would constitute a minority of the total student body. For this reason, attendance of their children at a reestablished high school a shorter distance from home was vetoed by all parents, due to the fact that its enrollment would be predominently Indian. The advantage of associating with non-Indian children was considered to be a paramount factor.

Following the lead of earlier tribal groups, the remaining Indian reservation communities petitioned for establishment of public schools to replace the Bureau-operated day schools. Consolidation with nearby schools was followed wherever possible, and where this opportunity did not exist, public school districts were established. In some cases transportation to nearby school districts was instituted. Johnson-O'Malley State Contract Funds were used to eliminate any added cost to the school districts incidental to the education of Indian children, particularly those residing with their parents on tax-exempt trust lands. Grants were made for general support purposes, transportation aid and the operation of school lunch programs.

The final day school, located on Fort McDermitt Reservation, closed its doors at the end of the 1955-1956 school year. On the morning of September 4, 1956, 87 Paiute children, ranging in grades from one through ten, boarded two new school buses for the eight-mile trip to their new school in the town of McDermitt. Here, for the first time in their lives, most of the children would be attending a school with non-Indians. By the end of the first month the number of reservation children had increased to 105, out of a total enrollment of 156.

Today, only one Federally-operated school facility exists in Nevada--Stewart Indian School, located three miles south of Carson City. This school has an enrollment area covering five states. Prior to 1940, Stewart School had an enrollment of 400 Nevada Indian children. Today its enrollment is less than 100.

As the program of public school education has developed, it has been possible for the Nevada Indian Agency to successfully curtail enrollment in the Stewart School by eliminating, in successive years, the lower elementary grades. It is possible, that within a few years, through the operation of Aid to Families of Dependent Children Program and Boarding Home Placement Service, that the Nevada enrollment in the Stewart facility will be eliminated.

At present the Johnson-O'Malley funds in the State are used exclusively for support of school lunch and special programs. Funds are allocated primarily to attendance areas through school districts through the Federal Relations and Programs Branch of the State Department of Education.

Eligibility for grants are based on the following:

a. Criteria established in the State Plan
b. Establishment of need for support of the school lunch program
c. Establishment of need for remedial and innovative programs to enhance the education of the Indian students (after all other sources of funding have been exhausted).

The most effective components funded under the Johnson-O'Malley program in Nevada have been the use of teacher-aides of Indian extraction; the use of closed circuit television; and the introduction of the Miami Linguistic Reading Program.

The two weakest areas as to Indian education in the State are parental involvement in the educational process (only two educational committees) and the training and provision of materials for teachers to be more effective in a multi-cultural classroom.

Some progress is being made in the teacher-training and materials component with the production of a video film on survival arts and the use of consultants knowledgeable in the techniques of Indian education as well as the advantage taken of a recent Bureau of Indian Affairs Workshop that was held in Nevada. Further efforts will be made along these lines for fiscal year 1970.

It is anticipated that with the reorganization of Title I Advisory Councils that a greater number of Indian parents will become directly involved in the education of their children.

The basic factor which tends to limit further progress stems from economic and social conditions which exist on the various reservation and colony settlements. The very low income per family unit among residents of the reservations is the greatest underlying cause for the number of student dropouts at the secondary level, and for the unsatisfactory number of Indian high school graduates enrolled in college. Disproportionately large numbers of high school students are forced by economic necessity to assume, at the earliest date, the position of wage earner. As a result of the lack of training, the only avenues of employment open are those requiring unskilled labor, seasonal agricultural occupations or enlistment in the military forces. An income of less than $1,000 per family unit is insufficient for basic family needs, let alone to assist a young Indian man or woman to secure college training. A realistic scholarship program must be developed as an incentive to secure the enrollment of more Indian high school graduates in institutions of learning beyond the high school level. Similarly, steps must be taken to improve the financial status of reservation families through a program of better use of land resources, i.e., development of recreational potential, etc.

Some Indian students who have shown outstanding abilities this year in their respective schools were:

Nancy Abel, Salutatorian at McDermitt High School (Humboldt County) was granted a scholarship to Beauty College in Sparks, Nevada. Others at McDermitt High School who received awards are: Idel Smart who was granted a scholarship to attend Haskell Institute, Lawrence, Kansas, and Valerie Harjo who has a scholarship to attend Bacone Junior College, Oklahoma.

At Owyhee High School (Elko County) Bessie Dodson, Salutatorian was named the "Outstanding Girl of the Year" and also received the Arian award. Other awards went to Linda Jim in Home Economics; Elissa Dodson in English and Kenneth Jack in Social Studies.

Leatrice Murphy a June graduate from White Pine High School, Ely, Nevada will train as a Keypunch Operator in Los Angeles. She was active in Future Homemakers of America and Drama Club, Girls Athletic Association and in the Art Service Club.

Frank Merril Fisk was named a member of the National Honor Society from Pershing County High School.

Among the students who graduated from Fernley High School (Lyon County) were: Richard Frazier who was Senior Class Vice President, Block F President, Future Farmers of America, Treasurer, Newspaper, Junior Varsity & Varsity Basketball and Football; Glenn Moran, Block F, Future Teachers of America, Pep Club, Thespians, Yearbook, Varsity Basketball, Football and Track; Kenneth Benjamin, Block F, Future Farmers of America, Pep Club, Junior Varsity and Varsity Basketball; Floyd Dunn, Future Farmers of America, Junior Varsity Basketball; Judy Harris, Folk Song Club, Drill Team, Future Teachers of America, and Pep Club; Allen Houten, Block F, Future Farmers of America, Sentinel, Football and Track; John Winap, Block F, Future Farmers of America, Sentinel, Junior Varsity and Varsity Basketball and Football.

Indians who were selected as scholarship recipients for Max C. Fleischmann Foundation Indian Scholarships were:

Daniel Raymond Allen	Carson High School (Ormsby County)
Ramona Fay Baldwin	Churchill County High School
Richard Lee Burchett	Storey County High School
Eva Escamilla	Wells High School (Elko County)
Frank Merril Fisk	Pershing County High School
Robert Louis Fisk	Pershing County High School
Steven Jay Frank	Carson High School (Ormsby County)
Judy Ann Harris	Fernley High School (Lyon County)
Robert Michael Martinez	Mineral County High School
Elwood Aaron Mose	Elko High School (Elko County)
Lucinda Reymus	Carson High School (Ormsby County)
Ted Raymond Strickler	Rancho High School (Clark County)

Alternates were:

Helen Stanford (1st alternate)	Western High School (Clark County)
Theresa Jane Steele (2nd alternate)	Carson High School (Ormsby County)
Rose Marie Garcia (3rd alternate)	Elko High School (Elko County)
